Customized design stands

Consulting services

Please contact us in order to discuss your promotional needs. Our specialized personnel will present you unique suggestions and solutions that satisfy your needs and budget.

Design Suggestions

Our design suggestions will combine aesthetics and functionality. All our customers are important to us; and therefore we ensure an impressive presence in a very competitive environment

We supervise the project from the very beginning up to the stand completion

EXPOWORK monitors and coordinates the construction procedure, exempting you from the stress and delivering you a "turn key solution" stand.

● USEFUL INFORMATION

The print files are sent by the customer in the required specifications and dimensions, which will be sent upon acceptance of the offer.

All electrical connections are floor-mounted (including power supply for the hanging service).

All prices quoted are for the rental of materials and equipment and do not include VAT.

The price does not include the power supply for machinery or equipment brought by the exhibitor.

Fire extinguisher cabinets, fire extinguisher locations, electrical components, hydraulic supplies, etc. must not be covered so that they are easily accessible in case of malfunction, new connection, or other need.

No piercing of any kind (nails, staples, pins, tacks, etc.) or nailing to the floor, columns, ceiling, or any other structural element of the building is permitted.

No holes of any kind (nails, staples, pins, tacks, etc.) and no painting of wooden panels, melamine panels, and aluminum systems are allowed.

If you have any objections or dissatisfaction with the service provided by Expowork, this should be reported to the technical service for exhibitors no later than the end of the first day of the exhibition.

The stand equipment is collected immediately after the end of the exhibition (furniture, audiovisual equipment, construction materials)

Any damage beyond normal use and wear and tear is charged to the customer.

The price does not include the auxiliary services of the exhibition centers, the exhibits and their transportation, and anything not mentioned in the technical description, which takes precedence over all other verbal, written, or design elements.
